Thanks so much, Barbara!

I will be out and about on Friday and I could just drop a box of materials off at the address that you provided below if that works?

Thanks again for your help!

Laura,  
We would be happy to display the EPA materials at the 8-31 forum. If there is not too much, you can pop them in the mail to me at

If it would be difficult to mail the items, we can arrange a pick up downtown soon. Let me know,

Dear Barbara,

Thank you so much for the invitation for EPA to attend the public forum on August 31<sup>st</sup>. However, in order to avoid ambiguity or confusion by the public about how and if EPA is accepting public comments at meetings outside of the four official public meetings held in June and July, EPA is generally declining to attend stakeholder forums during the public comment period. As a result, unfortunately we must decline your request to attend this public forum on August 31<sup>st</sup>.

However, I would be happy to drop off some EPA fact sheets on the Proposed Plan in English, Spanish, Vietnamese and Chinese as well as some glossaries in English, Spanish, Vietnamese and Chinese. If you would like these materials for the August 31<sup>st</sup> public forum, please let me know where and when would be a good time to drop off these materials.

Thank you again for your continued work in engaging the community,

Friends at EPA,

Of course the PHCAG and partners would love to have EPA attend our last public forum on Aug 31. I understand there are legal constraints. Nonetheless, if possible, we would appreciate any level of involvement from EPA.

The PHCAG will present its response to the Proposed Plan and Dr. deFur will present his final assessment as well. See flyer below and attachments.

Thanks, Barbara Quinn,
